

Garbage Transport Truck New Energy Electric Four Wheel Waste Removal Truck

Our Product Introduction

for more products please visit us on electriccleaningvehicle.com

Basic Information

- Place of Origin: China
- Brand Name: Bochi
- Model Number: Electric barge 6/8/10 barrel truck SKBY5180-A
- Minimum Order Quantity: 2 sets
- Price: Further communication based on product configuration and parameters
- Packaging Details: Steel frame packaging
- Delivery Time: 15-30 days
- Payment Terms: D/P, T/T
- Supply Ability: 3000 sets/months

Product Specification

- Rated Passenger Capacity: 1
- Overall Dimensions: 4450*1520*1970mm
- Maximum Load: 1200kg
- Top Speed: 30km/h
- Cruising Range: 80km
- Motor Power: 72V5kw
- Battery Capacity: 48/72V200AH
- Highlight: **garbage transport truck New Energy, garbage transport truck Four Wheel, 5kw waste removal truck**

Product Description

New Energy Electric Four-Wheel Closed Barge Truck Garbage Transport Truck Sanitation Truck SKBY5180-A

Features:

The whole vehicle is designed according to the structure of a mini car. It has excellent performance, safety and reliability, and comfortable driving. It has an electronic power steering control system, front and rear hydraulic brakes, high-power motor drive, strong climbing and load-bearing capacity, low noise during vehicle operation, and no pollution. , clean and environmentally friendly, one-touch hydraulic self-loading mechanism, one-time operation is completed, avoiding secondary pollution during garbage transportation. It can travel 80 kilometers on a single charge, and the electricity bill is about 8 yuan. The electricity bill of similar fuel vehicles is about 70 yuan when it travels 80 kilometers. , compared with fuel vehicles, it can save 22,630 yuan + about 60,000 yuan per person per year (excluding insurance premiums + maintenance fees), reducing usage costs and being environmentally friendly.

working area:

Garbage collection, transfer and cleaning inspections in commercial streets, urban streets, communities, stations, schools, hospitals and other sections.

Dimensions (length*width*height) (mm)			4550×1520×1970
Rated number of passengers (people)			2
Wheelbase		Front wheelbase (mm)	1210
		Rear wheelbase (mm)	1210
Wheelbase (mm)			2320
Driving mileage (full load) (km)			≥80
Maximum driving speed (full load km/h)			25
Minimum turning radius (m)			6
Maximum gradient %			15
Number of trash cans (240L)			10
Minimum ground clearance (mm)			140
Minimum braking distance (m) (v=20km/h)			≤5
Curb weight (kg)			1240
Rated load (kg)			800
Electrical system	Electronic control		Intelligent controller
	battery		Maintenance-free dry battery 48V/200AH
	Motor		High torque power motor 48V/5500W
	Charging time		6-8 hours (discharge rate 80%)
	charger		High frequency smart charger 48V/30A
Body configuration	Chassis		Adopting mini truck chassis and driving hydraulic brake
	Frame		Steel electrophoresis skeleton, load-bearing and corrosion-resistant
	front windshield		Double-layer laminated glass, double-arm wiper
	Cab		Integral fiberglass forming cab
	seat		Waterproof leather pattern molded foam seat
	floor		National standard anti-skid pattern plate
	instrument panel		Mini car type
	rearview mirror		Left and right exterior mirrors
lights and signals			12V lights, headlights, front and rear turn signals, driving lights, brake lights, electric horn and reversing buzzer
Hydraulic tailgate system	Oil cylinder	flap	2 pcs
		lifting	2 pcs
	Tail lift	power	2Kw(S2)
		system pressure	12MPa
		maximum pressure	16MPa
		Full load working time	6s
		Carrying weight	300Kg
