

Hummer Patrol Vehicle New Energy Electric Sanitation Vehicle SKXL5250-A1

Our Product Introduction

for more products please visit us on electriccleaningvehicle.com

Basic Information

- Place of Origin: China
- Brand Name: Bochi
- Model Number: SKXL5250-A1
- Minimum Order Quantity: 3 sets
- Price: Further communication based on product configuration and parameters
- Packaging Details: Steel frame + color steel packaging
- Delivery Time: 15-30 days
- Payment Terms: D/P, T/T
- Supply Ability: 3000 sets/months

Product Specification

- Rated Number Of Passengers (people): 6-8
- Overall Dimensions (mm) (length × Width × Height): 3980*1500*2100mm
- Maximum Load: 800kg
- Max Speed: 30km/h
- Mileage: 80km
- Motor Power: 48V/5.5KW
- Battery Capacity: 48V/200AH
- Highlight: **Hummer Patrol Vehicle, Patrol Vehicle New Energy, Sanitation patrol car**

Product Description

Hummer patrol car new energy electric sanitation vehicle SKXL5250-A1

Performance Overview:

Chassis structure adopts minicar chassis technology, with good stability and safety. equipped with high-power speakers and loudspeakers, the use of mature and reliable technology and high-quality accessories, excellent performance, safe, reliable, flexible and convenient, greatly improve the efficiency of law enforcement. Using potentiometer induction accelerator, the vehicle control system has the safety functions of anti-electromagnetic interference, anti-overspeed, start delay and reverse deceleration. Using McPherson independent suspension brake system, electronic vacuum booster pump + hydraulic brake system and independent parking brake in four-wheel vehicle form; Non-slip floor; equipped with voltmeter, ammeter, turn indicator light, direction switch, danger alarm switch and combination switch; with rearview mirror, alarm light, headlight, front and rear turn signal, combined rear tail light, electric horn and reverse buzzer; Fully equipped with electronic control digital FM radio, support U disk SD/MMC card. The steering direction system uses electronic booster to make the steering flexible and labor-saving. Radial vacuum tire, wear resistance, long service life. Colors can be painted on request

product model	SKXL5250-A
Rated passenger	6-8
Load (kg)	800
Full load weight (kg)	600
Dimensions (mm) (L × W × H)	3980*1500*2100
Wheelbase (mm)	2900
Wheel base (front/rear) mm	1215/1230
Electronic H1DN	48v/400A
Motor rated power (kw/v)	48V/5.5KW
Battery Capacity (Ah)	48V200AH
battery charger	48V30A
Time per charge (h)	8-10 hours (Discharge rate is 80%)
mileage	60-80
Braking distance (v=20km/h)	≤5m
Maximum speed (km/h)	30
Minimum turning radius (m)	5
Minimum ground clearance (mm)	170
maximum gradeability	30%
Parking capability	20%
seat	Integral foam leather, polyurethane foam seat armrests
tyre	185/70R13
instrumentation console	Integrated molding instrument table, digital combination instrument, steering wheel, combination switch, direction switch, danger alarm switch
rearview mirror	Left and right exterior mirrors
Lights and signals	12V lighting system, headlights, front and rear turn signals, combined rear taillights (night lights + brake lights), electric horn and reverse buzzer
acoustics	Radio, support U disk SD/MMC card, speaker (2)
Other configuration	Equipped with alarms, lights, trunk, loudspeaker
