## High Speed Medical Neurosurgery Microsurgery Micro Electric Spine Drill Set

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: ODM
- Model Number: 001s
- Minimum Order Quantity: 1
- Packaging Details: 45\*45\*25cm
- Payment Terms: T/T

### Product Specification

- Highlight: self diagnostic drilling power system,  
Full Touch Control drilling power system

## Product Description

MTGD-001S High-Speed Integrated Milling-Drilling Power Unit is used for bone tissue grinding operations in spinal and other surgical procedures.

- ✓ Full touch control system with Chinese/English language switching, mode switching, parameter configuration, and adjustable brightness
- ✓ Dual handpiece interfaces: Two handpieces can operate independently, with a maximum speed of 80,000 rpm
- ✓ Supports combined control via foot pedal and screen interface, enabling seamless switching based on the FIFO principle without interference
- ✓ Features tool head identification and speed memory function
- ✓ Equipped with self-diagnostic capabilities
- ✓ Peristaltic pump interface: Stepless speed adjustment
- ✓ Supports handpiece recognition (integrated milling-drilling) and memory functions for speed & operational parameters
