Basic Information

Product Specification

- Box Volume: 240L
- Motor Power: 48V 800W
- Maximum Load: 800kg
- Power Source: Electric
- Charger: 48-60V/20-32AH
- Battery Capacity: Unspecified
- Highlight: **Transporting Cleaning Supplies Electric Garbage Tricycle**
, Emission-free Electric Garbage Tricycle ,
Scrubbing Floors Electric Garbage Tricycle

Product Description

Product Description:

The Electric Three Wheeled Cleaning Car is a versatile and efficient solution for various cleaning tasks. This innovative product is designed to provide an eco-friendly and cost-effective way to clean a wide range of indoor and outdoor spaces.

Featuring a three-wheeled design, this Electric Three Wheeled Cleaning Car offers excellent maneuverability and stability, making it easy to navigate through tight spaces and around obstacles. Whether you are cleaning narrow aisles in a warehouse or maneuvering through crowded city streets, this electric cleaning cart is up to the task.

Equipped with an electric power source, this Three-wheeled Cleaning Car is not only efficient but also environmentally friendly. Say goodbye to noisy and polluting gas-powered cleaning equipment and switch to this quiet and emission-free alternative.

The Electric Three-wheeled Cleaning Car is ideal for a wide range of applications, including indoor cleaning tasks such as scrubbing floors in commercial spaces, collecting garbage in public areas, and transporting cleaning supplies in large facilities. Its compact design and maneuverability make it a practical choice for tight indoor spaces.

With its electric power source, this Electric Three-wheeled Cleaning Car offers a clean and efficient way to tackle outdoor cleaning tasks as well. Whether you need to clean sidewalks, parking lots, or other outdoor spaces, this electric cleaning cart is up to the challenge. Designed for ease of use and maintenance, the Electric Three-wheeled Cleaning Car is a user-friendly solution for all your cleaning needs. With its simple controls and ergonomic design, operating this electric cleaning cart is easy and intuitive, reducing operator fatigue and increasing productivity.

Whether you need an Electric Three-wheeled Garbage Collector, an Electric Three-wheel Scrubber Cart, or a Three-wheeled Electric Cleaning Cart, this versatile and reliable product is sure to meet your needs. Invest in the Electric Three Wheeled Cleaning Car today and experience the benefits of efficient, eco-friendly, and cost-effective cleaning.

Features:

Product Name: Electric Three Wheeled Cleaning Car

Motor Power: 48V 800W

Type: Three-wheeled

Charger: 48-60V/20-32AH

Color: Unspecified

Power Source: Electric

Technical Parameters:

Cleaning Method	Unspecified
Motor Power	48V 800W
Rated Passenger Capacity	1
Color	Unspecified
Battery Type	Unspecified
Box Volume	240L
Power Source	Electric
Charger	48-60V/20-32AH
Type	Three-wheeled
Maximum Load Capacity	Unspecified

Applications:

The Electric Three-wheeled Cleaning Car, also known as an Electric Three-wheel Street Sweeper, is a versatile and efficient solution for various cleaning tasks. With a maximum load capacity of 800kg, this Three-wheeled Electric Cleaning Cart is ideal for use in a wide range of application occasions and scenarios.

One of the primary product application occasions for the Electric Three-wheeled Cleaning Car is in urban areas, where it can be used for street sweeping and general cleaning of public spaces. Its compact size and maneuverability make it perfect for navigating through narrow streets and crowded areas, ensuring thorough cleaning without causing disruptions to traffic or pedestrians.

Furthermore, the Electric Three-wheel Scrubber Cart is well-suited for use in industrial settings, such as warehouses, factories, and manufacturing facilities. Its ability to carry heavy loads makes it ideal for transporting cleaning equipment, supplies, and waste materials within large facilities, helping to maintain a clean and organized work environment.

In addition to urban and industrial applications, the Electric Three-wheeled Cleaning Car can also be used in commercial settings, such as shopping malls, airports, and parking lots. Its efficient cleaning capabilities make it a valuable asset for maintaining cleanliness in high-traffic areas, ensuring a pleasant environment for customers and visitors.

Whether it's for routine maintenance or deep cleaning tasks, the Electric Three-wheeled Cleaning Car offers a reliable and eco-friendly solution. Powered by an electric motor and equipped with a rechargeable battery, this cleaning cart provides a sustainable alternative to traditional gas-powered vehicles, reducing emissions and operating costs.

In conclusion, the Electric Three-wheeled Cleaning Car is a versatile and practical solution for a variety of cleaning applications. Whether it's for urban streets, industrial facilities, or commercial spaces, this efficient and reliable electric cleaning cart is designed to meet the

demands of modern cleaning operations.
