Basic Information

Product Specification

- Rated Passenger Capacity: 1
- Charger: 48-60V/20-32AH
- Type: Three-wheeled
- Box Volume: 240L
- Name: Electric Three-wheeled Cleaning Car
- Feature: Versatile
- Highlight: **Powerful Eco-friendly Electric Garbage Tricycle, Convenience Maneuverability Electric Garbage Tricycle**
Individual Cleaning Operations Electric Garbage Tricycle

Product Description:

The Electric Three Wheeled Cleaning Car is a reliable and efficient solution for various cleaning tasks. With a motor power of 48V 800W, this three-wheeled cleaning vehicle is designed to provide a powerful performance while ensuring energy efficiency. This electric three-wheel street sweeper has a rated passenger capacity of 1, making it ideal for individual cleaning operations where mobility and ease of use are essential. Whether used in indoor facilities, commercial areas, or outdoor spaces, this compact vehicle offers convenience and maneuverability. Equipped with a box volume of 240L, the Electric Three Wheeled Cleaning Car enables users to collect and store a significant amount of waste and debris during cleaning operations. This feature enhances productivity and reduces the frequency of emptying the container, allowing for uninterrupted cleaning tasks. The weight of the Electric Three Wheeled Cleaning Car is left unspecified, ensuring a balance between sturdy construction and easy maneuvering. This design consideration enables operators to navigate through various terrains and pathways without compromising the vehicle's stability and performance. While the specific cleaning method utilized by the Electric Three Wheeled Cleaning Car is not explicitly stated, its versatile design and functionality make it suitable for a wide range of cleaning applications. Whether sweeping streets, maintaining parking lots, or cleaning industrial spaces, this three-wheeled cleaning vehicle offers a flexible solution for diverse cleaning needs. In conclusion, the Electric Three Wheeled Cleaning Car is a practical and efficient choice for individuals and businesses looking for a reliable cleaning vehicle. With its powerful motor, compact design, ample storage capacity, and versatile cleaning capabilities, this electric three-wheel street sweeper provides a convenient and effective solution for maintaining cleanliness in various environments.

Features:

- Product Name: Electric Three-wheeled Cleaning Car
- Power Source: Electric
- Weight: Unspecified
- Maximum Load: 800kg
- Maximum Load Capacity: Unspecified
- Rated Passenger Capacity: 1

Technical Parameters:

Cleaning Method	Unspecified
Model	Unspecified
Charger	48-60V/20-32AH
Battery Capacity	Unspecified
Rated Passenger Capacity	1
Box Volume	240L
Battery Type	Unspecified
Color	Unspecified
Weight	Unspecified
Type	Three-wheeled

Applications:

The Electric Three-wheeled Cleaning Car, also known as the Electric Three-wheel Street Sweeper, is a versatile and efficient vehicle designed for various product application occasions and scenarios. With a rated passenger capacity of 1, this electric three-wheeled vehicle is perfect for solo cleaning tasks in both indoor and outdoor environments. One of the primary product application occasions for the Electric Three-wheeled Cleaning Car is street sweeping. Whether it's a commercial parking lot, residential street, or public square, this vehicle can effectively clean and sweep the area with ease. Its compact size and maneuverability make it ideal for navigating through tight spaces and narrow pathways. Another common scenario where the Electric Three-wheeled Cleaning Car excels is in industrial settings. From warehouses to manufacturing plants, this vehicle can be used as an Electric Three-wheel Scrubber Cart to clean floors, aisles, and other surfaces efficiently. Its electric-powered operation ensures a quiet and eco-friendly cleaning process. Furthermore, the Electric Three-wheeled Cleaning Car is also suitable for municipal cleaning tasks such as sidewalk sweeping, park maintenance, and public area cleaning. Its maximum load capacity of 800kg allows for carrying cleaning equipment, supplies, and waste, making it a practical choice for janitorial services and maintenance crews. Whether it's a Model-specific cleaning application or general-purpose cleaning tasks, the Electric Three-wheeled Cleaning Car offers a convenient and reliable solution. With its unspecified battery capacity, users can enjoy extended cleaning sessions without the need for frequent recharging. In conclusion, the Electric Three-wheeled Cleaning Car, also known as the Electric Three-wheel Street Sweeper, is a versatile and efficient vehicle that can be used in a wide range of product application occasions and scenarios. Its compact design, electric-powered operation, and ample load capacity make it a valuable asset for cleaning professionals across various industries.

Customization:
