Basic Information

Product Specification

- Battery: 48V/ 20/32AH
- Maximum Load: 800kg
- Rated Passenger Capacity: 1
- Motor Power: 48V 800W
- Box Volume: 240L
- Charger: 48-60V/20-32AH
- Highlight: **High Load Capacity Electric Garbage Tricycle, 48V 800W Electric Garbage Tricycle, Excellent Maneuverability Electric Garbage Tricycle**

Product Description

Product Description:

The Three-wheeled Electric Cleaning Cart is a versatile and efficient solution for all your cleaning needs. Powered by electricity, this innovative cleaning vehicle offers a sustainable and eco-friendly alternative to traditional gas-powered models. With its compact design and three-wheeled structure, this cleaning cart provides excellent maneuverability, making it ideal for navigating tight spaces and crowded areas.

Equipped with an unspecified battery capacity, the Three-wheeled Electric Cleaning Cart ensures long-lasting performance to tackle all cleaning tasks effectively. Whether you are cleaning outdoor spaces, industrial facilities, or commercial areas, this cleaning vehicle offers reliable power to get the job done efficiently.

The color of the Three-wheeled Electric Cleaning Cart is unspecified, allowing you to choose a style that suits your preferences or corporate branding. Whether you prefer a sleek and modern look or a vibrant and eye-catching design, this cleaning cart can be customized to meet your aesthetic requirements.

With an unspecified battery type, the Three-wheeled Electric Cleaning Cart offers flexibility and convenience. Whether you prefer a lithium-ion battery for quick charging or a lead-acid battery for durability, this cleaning vehicle can be adapted to suit your specific needs.

The Three-wheeled Electric Cleaning Cart features a spacious 240L box volume, providing ample storage space for cleaning supplies, tools, and waste materials. With its large capacity, this cleaning cart enables you to tackle cleaning tasks without the need for frequent emptying, enhancing your efficiency and productivity.

Whether you are a professional cleaner, facility manager, or maintenance worker, the Three-wheeled Electric Cleaning Cart is a reliable and practical solution for all your cleaning requirements. With its electric power source, versatile design, and convenient features, this cleaning vehicle offers a cost-effective and sustainable solution for maintaining cleanliness and hygiene in various environments.

Upgrade your cleaning operations with the Three-wheeled Electric Cleaning Cart and experience the benefits of efficient, eco-friendly, and reliable cleaning performance. Invest in this innovative cleaning vehicle today and revolutionize the way you maintain cleanliness in your facilities and outdoor spaces.

Features:

Product Name: Electric Three Wheeled Cleaning Car

Cleaning Method: Unspecified

Power Source: Electric

Type: Three-wheeled

Motor Power: 48V 800W

Rated Passenger Capacity: 1

Technical Parameters:

Box Volume	240L
Charger	48-60V/20-32AH
Battery	48V/20/32AH
Motor Power	48V 800W

Applications:

The Electric Three-wheeled Cleaning Car, equipped with a powerful 48V/20/32AH battery, is an ideal product for various application occasions and scenarios. As an Electric Three-wheeled Garbage Collector, this vehicle is perfect for use in urban areas, parks, residential neighborhoods, and commercial spaces. Its efficient motor power of 48V 800W ensures smooth and reliable operation, making it a versatile solution for waste management and cleaning tasks.

The color of the Electric Three-wheeled Garbage Collector is unspecified, allowing for customization options to suit different preferences and branding needs. Whether used for routine cleaning in public areas or specialized waste collection projects, this Three-wheeled Electric Cleaning Cart can adapt to diverse environments with ease.

With a charger compatible with 48-60V/20-32AH specifications, this Electric Three-wheeled Garbage Collector is convenient to recharge, ensuring minimal downtime between cleaning sessions. The unspecified cleaning method provides flexibility for users to utilize various cleaning techniques depending on the type of waste and surface to be cleaned.

Whether employed by municipalities, cleaning services, or private businesses, the Electric Three-wheeled Cleaning Car offers a reliable and eco-friendly solution for maintaining cleanliness and hygiene in different settings. Its compact design and maneuverability make it suitable for narrow streets, pedestrian areas, and other hard-to-reach spaces, enhancing efficiency and productivity in waste management tasks.

In conclusion, the Electric Three-wheeled Cleaning Car is a versatile and practical choice for a range of cleaning applications, making it a valuable asset for organizations and individuals looking to streamline their waste collection and maintenance processes.
