Basic Information

Product Specification

- Battery: 48V/ 20/32AH
- Type: Three-wheeled
- Motor Power: 48V 800W
- Rated Passenger Capacity: 1
- Box Volume: 240L
- Charger: 48-60V/20-32AH
- Highlight: Indoor Outdoor Cleaning Electric Garbage Tricycle, Functionality Electric Garbage Tricycle, Convenience Electric Garbage Tricycle

Product Description

Product Description:

The Electric Three Wheeled Cleaning Car is a versatile and efficient solution for all your cleaning needs. This innovative product is a Three-wheeled Cleaning Vehicle that operates on electricity, making it an environmentally friendly choice for both indoor and outdoor cleaning tasks.

Designed with convenience and functionality in mind, the Electric Three Wheeled Cleaning Car boasts a sleek and ergonomic design that allows for easy maneuverability in various settings. Whether you need to clean streets, sidewalks, warehouses, or other large areas, this Electric Three-wheel Scrubber Cart is up for the task.

Equipped with a spacious 240L box volume, this Electric Three Wheeled Cleaning Car ensures that you can tackle extensive cleaning jobs without the need for frequent emptying. The generous capacity of the cart enables you to work efficiently and cover more ground in less time, enhancing your overall productivity.

When it comes to cleaning methods, the Electric Three Wheeled Cleaning Car offers flexibility to suit your specific requirements. Whether you need to sweep, scrub, or perform other cleaning tasks, this Electric Three-wheel Street Sweeper can adapt to different surfaces and cleaning challenges with ease.

With its electric power source, the Electric Three Wheeled Cleaning Car delivers reliable performance without the emissions and noise associated with traditional fuel-powered vehicles. This eco-friendly approach not only benefits the environment but also provides a quieter and more pleasant working environment for operators and bystanders.

Investing in the Electric Three Wheeled Cleaning Car means investing in a durable and efficient cleaning solution that can streamline your cleaning operations and deliver excellent results. Whether you are a facility manager, a cleaning contractor, or a municipality looking to enhance cleanliness in public spaces, this Electric Three-wheeled Cleaning Vehicle is a valuable asset that can meet your needs.

Experience the convenience, efficiency, and sustainability of the Electric Three Wheeled Cleaning Car and elevate your cleaning capabilities to new heights. Say goodbye to manual labor-intensive cleaning methods and embrace the power of technology with this Electric Three-wheel Scrubber Cart that combines performance, versatility, and eco-friendliness in one innovative package.

Features:

Product Name: Electric Three Wheeled Cleaning Car

Cleaning Method: Unspecified

Battery: 48V/ 20/32AH

Color: Unspecified

Rated Passenger Capacity: 1

Battery Capacity: Unspecified

Technical Parameters:

Battery Type	Unspecified
Type	Three-wheeled
Battery Capacity	Unspecified
Model	Unspecified
Battery	48V/ 20/32AH
Cleaning Method	Unspecified
Charger	48-60V/20-32AH
Rated Passenger Capacity	1
Box Volume	240L
Maximum Load Capacity	Unspecified

Applications:

The Three-wheeled Electric Cleaning Cart is a versatile cleaning solution suitable for a variety of application occasions and scenarios. With a box volume of 240L, this electric cleaning cart is ideal for use in commercial and industrial settings where a large capacity for collecting waste or transporting cleaning supplies is needed.

One of the key features of the Three-wheeled Cleaning Vehicle is its electric power source. Powered by a 48V 800W motor and equipped with a 48V/20/32AH battery, this cleaning cart offers a sustainable and eco-friendly cleaning solution. The electric power source ensures quiet operation and zero emissions, making it suitable for indoor cleaning tasks in sensitive environments.

The Electric Three-wheel Scrubber Cart is specifically designed to maneuver easily in tight spaces and narrow aisles, making it perfect for cleaning in crowded areas such as shopping malls, airports, and train stations. Its three-wheeled design provides stability and allows for smooth navigation around obstacles, ensuring efficient cleaning performance.

Thanks to its compact size and agile handling, the Three-wheeled Electric Cleaning Cart is also well-suited for use in residential complexes, schools, and healthcare facilities. It can easily access hard-to-reach areas and effectively clean a variety of surfaces, from floors to sidewalks.

Whether it's collecting trash, transporting cleaning supplies, or scrubbing floors, the Three-wheeled Cleaning Vehicle offers a convenient and reliable solution for a wide range of cleaning tasks. Its electric power source, combined with a spacious box volume and efficient

motor power, make it a valuable asset for janitorial services, facility maintenance, and sanitation departments.
