Basic Information

Product Specification

- Charger: 48-60V/20-32AH
- Maximum Load: 800kg
- Battery: 48V/20/32AH
- Name: Electric Three Wheeled Cleaning Car
- Highlight:
 - Versatile Efficient Cleaning Electric Garbage Tricycle
 - 48V 800W Motor Power Electric Garbage Tricycle
 - Tough Cleaning Tasks Electric Garbage Tricycle

Product Description

Product Description:

The Electric Three-wheeled Cleaning Car, also known as the Electric Three-wheel Scrubber Cart, is a versatile and efficient solution for all your cleaning needs. With a rated passenger capacity of 1, this innovative vehicle is designed to provide a comfortable and convenient cleaning experience.

Powered by a 48V battery with a capacity of either 20AH or 32AH, the Electric Three-wheel Scrubber Cart ensures long-lasting performance and reliable operation. Whether you are cleaning indoor or outdoor spaces, this electric cleaning cart offers the power and endurance you need to get the job done efficiently.

Equipped with a spacious box volume of 240L, the Three-wheeled Electric Cleaning Cart enables you to carry all your cleaning supplies and equipment with ease. Say goodbye to multiple trips back and forth – with this cleaning cart, you can tackle your cleaning tasks in one go.

While the specific model and battery capacity are unspecified, the Electric Three-wheel Scrubber Cart is built to deliver superior cleaning performance and durability. Whether you are a professional cleaner or simply looking for a convenient way to maintain cleanliness in your space, this electric cleaning cart is the perfect companion for your needs.

Experience the convenience and efficiency of the Electric Three-wheeled Cleaning Car and take your cleaning routine to the next level. Say goodbye to traditional cleaning methods and embrace the future of cleaning with this advanced and reliable Three-wheeled Electric Cleaning Cart.

Features:

Product Name: Electric Three-Wheeled Cleaning Car

Battery: 48V/20/32AH

Battery Capacity: Unspecified

Charger: 48-60V/20-32AH

Rated Passenger Capacity: 1

Model: Unspecified

Technical Parameters:

Model	Unspecified
Power Source	Electric
Motor Power	48V 800W
Cleaning Method	Unspecified
Color	Unspecified
Maximum Load	800kg
Type	Three-wheeled
Charger	48-60V/20-32AH
Maximum Load Capacity	Unspecified
Battery	48V/ 20/32AH

Applications:

The Three-wheeled Electric Cleaning Cart is a versatile and efficient cleaning solution suitable for a variety of application occasions and scenarios. With a powerful motor power of 48V 800W, this Electric Three-wheel Scrubber Cart is designed to tackle tough cleaning tasks with ease.

One of the key application occasions for the Three-wheeled Electric Cleaning Cart is in commercial settings such as shopping malls, airports, and industrial facilities. The cart's compact size and maneuverability make it ideal for navigating tight spaces and crowded areas while providing effective cleaning performance.

Another important scenario where the Electric Three-wheel Scrubber Cart excels is in outdoor environments such as parks, parking lots, and streets. Its three-wheeled design offers stability on various terrains, allowing operators to efficiently clean larger outdoor areas with ease.

Furthermore, the Three-wheeled Electric Cleaning Cart is also well-suited for indoor cleaning tasks in facilities like warehouses, schools, and hospitals. The electric power source eliminates the need for fuel or emissions, making it a sustainable and eco-friendly choice for indoor cleaning operations.

Whether it's scrubbing floors, cleaning spills, or maintaining cleanliness in public spaces, the Electric Three-wheel Scrubber Cart is a reliable and efficient solution for a wide range of cleaning needs. Its three-wheeled design provides stability and control, while the powerful motor ensures high performance and productivity.

Overall, the Three-wheeled Electric Cleaning Cart is a versatile and practical cleaning tool that can be used in various application occasions and scenarios. Its electric power source, compact design, and powerful motor make it an excellent choice for businesses and organizations looking to enhance their cleaning operations.

Customization:

Product Customization Services for the Electric Three-wheeled Cleaning Cart: -----
Model: Unspecified
Color: Unspecified
Battery Capacity: Unspecified
Battery Type: Unspecified
Weight: Unspecified

Support and Services:

The Product Technical Support and Services for the Electric Three Wheeled Cleaning Car include: -----
- Troubleshooting assistance for any operational issues
- Repair and maintenance services to ensure optimal performance
- Guidance on proper usage and maintenance of the vehicle
- Access to spare parts and components for replacements
- Software updates and technical upgrades as needed

Packing and Shipping:

Product Packaging:
The Electric Three Wheeled Cleaning Car is carefully packaged to ensure safe delivery. Each unit is secured in a sturdy cardboard box with protective foam padding to prevent any damage during transit.
Shipping:
We offer fast and reliable shipping options for the Electric Three Wheeled Cleaning Car. Our dedicated team will process your order promptly and ensure that your product is delivered to you in a timely manner. Shipping costs may vary depending on your location and the selected shipping method.

FAQ:

Q: What is the maximum speed of the Electric Three Wheeled Cleaning Car? -----
A: The maximum speed of the Electric Three Wheeled Cleaning Car is 25 miles per hour.
Q: How long does the battery of the Electric Three Wheeled Cleaning Car last on a full charge?
A: The battery of the Electric Three Wheeled Cleaning Car lasts up to 8 hours on a full charge.
