

Urban Residential Areas Electric Garbage Tricycle Environmental Sanitation High-density Polyethylene

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Bochi
- Model Number: SKBJ3000-C
- Minimum Order Quantity: 3 sets
- Price: Further communication based on specific parameters
- Packaging Details: Steel structure frame + color steel plate packing
- Delivery Time: 15-30 working days
- Payment Terms: D/P,T/T
- Supply Ability: 2000 sets/month

Product Specification

- Range (unladen): ≥ 60 Km/h
- Rated Load: 150kg
- Motor Power: 48V/550W
- Top Speed: 30km/h
- Charger: 48-60V20-32AhH
- Box Volume: 240L
- Highlight:
 - Urban Residential Areas Electric Garbage Tricycle
 - Environmental Sanitation Electric Garbage Tricycle
 - High-density Polyethylene Electric Garbage Tricycle

Product Description

Environmental Sanitation Vehicle Technical Features

The blue-and-white cabinet is constructed from 100% high-density PP through single-step injection molding, delivering exceptional impact, acid/alkali, and corrosion resistance. Its fully sealed structure incorporates a dual-lid design to prevent waste leakage during operations. The container rotates $\leq 80^\circ$ for single-motion dumping, significantly enhancing efficiency, while rear bumpers protect against tipping damage. The frame features polyester powder coating with multi-layer anti-corrosion treatment, providing superior rust resistance, salt spray tolerance, oil fume resistance, and scratch protection alongside robust film adhesion.

Four-wheel braking systems ensure operational safety with simultaneous rear-wheel parking locks, complemented by a front storage basket for tools and accessories. Energy-efficient LED headlights and warning lights offer extended lifespan and reduced heat generation compared to conventional bulbs. The rear axle utilizes dual-drive differential transmission with high-torque steel gearing, delivering exceptional climbing capacity within a compact, low-noise design.

Powered by large-capacity maintenance-free batteries with short-circuit protection and auto-cutoff charging, the vehicle ensures prolonged battery life. Its Honda-inspired front design incorporates stainless steel handles, LCD instrumentation, hydraulic shock absorption, and reflectors for vibration-resistant operation. Microcontroller-based systems optimize electrical coordination, reducing motor/battery consumption while extending range through automatic protection protocols.

Product model		SKBJ3000C
Rated occupants	人	1
Appearance dimensions (length*width*height)	Mm	2180*950*1250
Box volume	L	240
Curb weight	Kg	150
Rated load	Kg	150
Motor power	W	550
top speed	km/h	30
Battery	48V	Maintenance-free battery 20/32AH optional
charger	48V5-8A	Smart three-stage charger
Headlight type		LED type
rear wheelbase	mm	810
Wheelbase	mm	1650
minimum ground clearance	mm	120
Rated voltage	V	48
Climbing ability		20%
Range (unladen)	Km	≥ 60
braking distance	m	≤ 3
turning radius	m	≤ 3
tire		Wear resistance thickened tires 3.00-10
seat		High-grade simulated leather
Frame		National standard carbon steel galvanized pipe
