

Electric Garbage Tricycle Lid-in-lid Structure High Work Efficiency Polyester Frame

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Bochi
- Model Number: SKBJ3000-E
- Minimum Order Quantity: 3 sets
- Price: Further communication based on specific parameters
- Packaging Details: Steel structure frame + color steel plate packing
- Delivery Time: 15-30 working days
- Payment Terms: D/P,T/T
- Supply Ability: 2000 sets/month

Product Specification

- Box Volume: 240L
- Rated Load: 350kg
- Motor Power: 48V 800W
- Charger: 48-60V/20-32AH
- Range (unladen): ≥60 Km/h
- Battery: 48V (Maintenance-free Battery 20/32AH Optional)
- Highlight: **Polyester Frame Electric Garbage Tricycle, Lid-in-lid Structure Electric Garbage Tricycle, High Work Efficiency Electric Garbage Tricycle**

Product Description

Micro Electric Sanitation Vehicle SKBJ3000-E Technical Specifications

The sanitation-optimized cabinet features a blue/white PP injection-molded construction delivering impact, chemical, and corrosion resistance. Its sealed design with dual-layer lid prevents waste leakage during operations. The $\leq 80^\circ$ rotatable container enables single-motion dumping with rear bumpers for tip protection.

A polyester powder-coated frame undergoes multi-stage anti-corrosion treatment, providing rustproofing, salt spray resistance, and scratch protection. Quad-braking systems feature synchronized rear parking locks, complemented by a front storage basket.

LED lighting ensures low-heat operation with extended lifespan versus traditional bulbs. The rear axle utilizes dual-drive differential transmission with all-steel gearing for high-torque performance, energy efficiency, and low noise.

Powered by maintenance-free batteries with auto-cutoff charging and short-circuit protection. Honda-inspired front design incorporates stainless steel handles, LCD instrumentation, and hydraulic shock absorbers. Microcontroller systems optimize energy use through automatic protection protocols.

Product model		SKBJ3000-E
Rated occupants	人	1
Appearance dimensions (length*width*height)	Mm	2320*950*1700
Box volume	L	240L
Curb weight	Kg	350
Rated load	Kg	350
Motor power	W	800
top speed	km/h	60
Battery	48V	Maintenance-free battery 20/32AH optional
charger	48V5-8A	Smart three-stage charger
Headlight type		LED type
rear wheelbase	mm	810
Wheelbase	mm	1650
minimum ground clearance	mm	120
Rated voltage	V	48
Climbing ability		20%
Range (unladen)	Km	≥ 60
braking distance	m	≤ 3
turning radius	m	≤ 3
tire		Wear resistance thickened tires 3.00-10
seat		High-grade simulated leather
Frame		National standard carbon steel galvanized pipe
