

## Arthroscopic Shaver System Ergonomic Design User Friendly Interface Human Biomechanics

### Our Product Introduction

#### Basic Information

- Place of Origin: CHINA
- Brand Name: ODE
- Model Number: GD2000
- Minimum Order Quantity: 1
- Price: 57000
- Packaging Details: 45cm\*45cm\*25cm
- Payment Terms: T/T
- Supply Ability: 10PCS+2WEEKS

#### Product Specification

- Brand: ODE
- Model: GD2000
- Origin: CHINA
- Design: Ergonomic
- Installation: Rapid
- Technology: Plug-and-play Universal Interface
- Highlight:
  - Human Biomechanics Arthroscopic Shaver System
  - User Friendly Interface Arthroscopic Shaver System
  - Ergonomic Design Arthroscopic Shaver System

## Product Description

### Ergonomic Design and User Interface

Featuring a 7-inch true-color LCD display within an operator-centric interface engineered for intuitive navigation. The design incorporates human biomechanics principles with plug-and-play universal interface technology, enabling rapid installation and removal of components.

### Safety and Operational Control

Integrated self-diagnosis protection initiates automatic system checks upon startup to ensure operational integrity and surgical safety. Four-speed adjustable settings with foot pedal directional control optimize procedural efficiency across clinical applications.

### Surgical Adaptability

Compatible with diverse blade configurations including varied types, lengths, and angulations to accommodate specialized surgical requirements. The quick-install blade interface guarantees secure attachment with zero vibration while maintaining cutting precision.

### Precision Engineering

Powered by an imported Swiss high-power brushless motor with German micro-precision bearings. The handpiece employs a straight-through suction pathway design for unimpeded fluid management during procedures.
