Basic Information

Product Specification

- Gross Vehicle Weight Rating: 66,000 Lbs
- Drive Motor: TZ180XSIN101
- Top Speed: 25km/h
- Hydraulic Tailboard Load: 500kg
- Axle Load: 1300kg/2195kg
- Applicable Garbage Can: Standard 240L*2/660L
- Engine: DAM16KLQ
- Battery Capacity: 72V150AH
- Highlight: 1300kg axle load sanitation truck,
2195kg capacity garbage pickup truck,
2.8m3 box volume garbage truck

Product Description

Product Description:

The Garbage Pickup Truck is a versatile and powerful Junk Hauling Truck designed for efficient trash removal and rubbish disposal. With a Gross Vehicle Weight Rating of 66,000 Lbs, this truck is capable of handling heavy loads of waste with ease.

Equipped to handle standard 240L*2/660L garbage cans, this Trash Removal Truck is ideal for collecting waste from residential areas, commercial establishments, and industrial sites. Its large capacity ensures that multiple bins can be emptied in a single trip, increasing efficiency and reducing overall collection time.

The Garbage Pickup Truck features an Axle Load of 1300kg/2195kg, providing stability and strength while on the road. This allows the truck to navigate various terrains and road conditions while maintaining optimal performance.

With a Hydraulic Tailboard Load of 500kg, this Rubbish Disposal Truck offers added convenience for loading and unloading heavy items. The hydraulic system ensures smooth operation, making the handling of waste quick and effortless.

Powered by a Drive Motor model TZ180XSIN101, the Garbage Pickup Truck delivers reliable performance and efficient operation. The motor is designed to provide the necessary power and torque to handle the demands of waste collection, ensuring consistent and smooth operation.

Features:

Product Name: Garbage Pickup Truck

Year Of Release: 2020

Drive Motor: TZ180XSIN101

Applicable Garbage Can: Standard 240L*2/660L

Battery Capacity: 72V150AH

Engine: DAM16KLQ

Technical Parameters:

Curb Weight	1260(Kg)
Top Speed	25km/h
Capacity	30 Cubic Yards
Engine	DAM16KLQ
Applicable Garbage Can	Standard 240L*2/660L
Axle Load	1300kg/2195kg
Year Of Release	2020
Drive Motor	TZ180XSIN101
Hydraulic Tailboard Load	500kg
Gross Vehicle Weight Rating	66,000 Lbs

Applications:

A Garbage Pickup Truck, also known as a Refuse Disposal Truck or Junk Hauling Truck, is a specialized vehicle designed for collecting and transporting waste materials from various locations. With its specific product attributes, the Garbage Pickup Truck is ideal for a wide range of application occasions and scenarios.

One of the primary application occasions for the Garbage Pickup Truck is municipal waste collection. Municipalities can utilize this vehicle to efficiently pick up garbage and transport it to disposal sites. The large Box Volume of 2.8m³ allows for the collection of a significant amount of waste, making it suitable for daily waste collection routes in urban areas.

Another important scenario for the Garbage Pickup Truck is commercial waste management. Businesses, such as restaurants, shopping centers, and office buildings, can benefit from the efficiency and reliability of this vehicle in managing their waste disposal needs. The Gross Vehicle Weight Rating of 66,000 Lbs ensures that the truck can handle heavy loads of commercial waste effectively.

Furthermore, the Garbage Pickup Truck is well-suited for industrial waste disposal applications. Manufacturing facilities, construction sites, and warehouses can utilize this vehicle to remove debris, scrap materials, and other waste products. The Drive Motor TZ180XSIN101 provides the necessary power to navigate through industrial settings, while the Axle Load of 1300kg/2195kg ensures stability and durability.

Additionally, the Garbage Pickup Truck can be deployed in residential waste collection services. Homeowners associations, apartment complexes, and private waste management companies can use this vehicle to collect household garbage and recyclables. The Top Speed of 25km/h allows for efficient waste collection in residential areas while complying with speed limits.

In conclusion, the Garbage Pickup Truck is a versatile and essential vehicle for refuse disposal operations across various sectors. Its robust design, ample storage capacity, and reliable performance make it a valuable asset for waste management professionals in different application occasions and scenarios.

Customization:

Customize your Refuse Disposal Truck with our Product Customization Services:

Axle Load: 1300kg/2195kg

Curb Weight: 1260(Kg)

Gross Vehicle Weight Rating: 66,000 Lbs

Applicable Garbage Can: Standard 240L*2/660L

Drive Motor: TZ180XSIN101

Enhance your Junk Hauling Truck with these customization options.

Support and Services:

Our Product Technical Support and Services for the Garbage Pickup Truck include:

- Regular maintenance schedules to ensure optimal performance
- 24/7 emergency support for any technical issues
- Access to our online knowledge base for troubleshooting and FAQs
- On-site repair services for more complex issues
- Training programs for operators to maximize efficiency and safety

Packing and Shipping:

Product: Garbage Pickup Truck

Description: This Garbage Pickup Truck is a durable and efficient vehicle designed for collecting and transporting waste materials.

Packaging: The Garbage Pickup Truck will be securely packaged in a sturdy cardboard box to prevent any damage during shipping.

Shipping: We offer fast and reliable shipping services to ensure that your Garbage Pickup Truck reaches you in a timely manner. Shipping costs will be calculated based on your location and delivery preferences.

FAQ:

Q: What is the capacity of the Garbage Pickup Truck?

A: The Garbage Pickup Truck has a capacity of 10 cubic yards.

Q: Is the Garbage Pickup Truck suitable for residential use?

A: Yes, the Garbage Pickup Truck is designed for both residential and commercial use.

Q: How often should I schedule pickups with the Garbage Pickup Truck?

A: Pickup schedules can vary depending on your needs, but typically, weekly or bi-weekly pickups are common.

Q: Can the Garbage Pickup Truck handle bulky items such as furniture?

A: Yes, the Garbage Pickup Truck is equipped to handle bulky items like furniture and appliances.

Q: What safety features does the Garbage Pickup Truck have?

A: The Garbage Pickup Truck includes safety features such as backup cameras, reflective markings, and emergency stop buttons for operator safety.
